

## Technical Purchasing Engineer

You will support the supply chain of the project all the way through production, starting from concept to the moment the equipment leaves our factory.

### About the role

You support and supervise all purchasing activities. You maintain contacts with the suppliers, discuss purchase prices, the technical feasibility and process and coordinate the administrative side of the purchasing process. You place and check orders and purchase invoices. You also request and assess quotations. You monitor the delivery times, completeness and quality of the goods and follow up on any deviations. You process the data in the appropriate application. You work in a small team with two colleagues. You also work closely with the project managers to order the right goods on time.

### What do you bring?

- A Bachelor's degree (or equivalent level obtained through experience).
- 2 years of working experience in a similar position.
- Excellent oral and written communication skills in Dutch and English.
- Technical knowledge obtained through education or experience is a must.
- You live in the south of the Netherlands and are eligible to work in The Netherlands.

### Competencies

- Sense of detail
- Negotiation skills
- Analytical thinking
- Cost-awareness
- Relationship manager
- Showing ownership - following up from beginning to end

### About

Based in Breda, The Netherlands, we specialize in sophisticated customer-specific equipment & services projects in the Life Science industries, primarily the Pharmaceutical (Human and Animal), Medical & Clinical Instrumentation and Food industries. Our knowledge is deeply rooted in the automated pharmaceutical packaging business. We have the in-house expertise and very specific know-how to help overcome the evolving challenges constantly faced by customers in highly regulated markets. Relying on many years of combined experience and skills in the management of large-scale projects internationally, we offer a complete range of equipment and service solutions for the pharmaceutical packaging industry.

Dec Netherlands is part of the Dec Group. Headquartered near Lausanne, Switzerland, Dec Group has a global presence with subsidiaries and agents in more than 30 countries including European subsidiaries in the UK, Ireland, Germany, Poland, and the Netherlands, together with Asian offices in India and China, and North America.

### What do we have to offer?

We offer an informal atmosphere based on entrepreneurship, quality, teamwork in an international environment, personal contact, and lasting relationships. Working at Dec Netherlands brings you high-tech challenges and enables you to think creatively to come up with innovative solutions.
